Printable Holographic sticker paper for Ink Jet printer

Features & details

Superb Material: Our self-adhesive holographic sticker paper is made of outstanding vinyl material with high viscosity and high stability, the high-quality glue makes the application simple and smooth, which can ensure that the label is firmly adhered to almost all surfaces and is not easy to fall off. This printable decal paper set provides efficient and time-saving accurate color performance.

Easy Application & Fast Drying: The vinyl sticker paper for inkjet printer is tear-free, waterproof, won't fade over time. The paper liner is easy to peel, stuck, and trimmed neatly. The printing paper of vinyl stickers can be perfectly matched with most inkjet printers and laser printers, easy application and fast drying, won't jam your printers & absorbs ink well resulting in clear high-resolution sticker printing.

Holographic Effect Design: Colorful surface colors with flat surfaces, smooth printing, and high adaptability. Professional printing layer, better adhesion. Our rainbow sticker printer paper absorbs ink beautifully and without smudging, and the ink will penetrate deeply into the vinyl sticker paper easily. These printable vinyl sticker papers have colorful surfaces and holographic effects, can change their appearance according to light and angle.

Company Profile
